The only omission in duty under the census law with me is column 8 of Schedule 1. Value of Real Estate owned by each person enumerated. I commenced with this as with others but soon found it would be so very imperfect that I gave it up entirely. I find that my friend of Wood County has carried it through; but he has the large villages & cutting men reside. I could have done so in the country with some degree of accuracy where every man lived on all the land he owns. But in our large villages of this county my business was to go from house to house and enquire of those I saw there, if of the man well, but mostly of females; and they knew nothing of the value of their husband's property.

Sometimes where I did make the enquiry the gentleman would answer by saying he knew not himself or it would take a week to tell, finding that with my best efforts it would be very imperfect I gave it up wholly and trusted to explain myself to the Department to their satisfaction.
